 - 2 Savett Safety Skin Cleansers

Code	Description	Cat.
CD11	Resuscitation Protection Kit	C

Cederroth First Aid Panels

CD14

First Aid Products And Guidance At Your Fingertips

- The Bloodstoppers are always available in the event of emergencies
- When an adhesive bandage is pulled from the dispenser, one of the adhesive surfaces is exposed for ease of application
- By exposing the adhesive surface, the bandage must be used immediately
- This reduces unnecessary use of adhesive bandages, and helps to ensure an adequate supply when genuinely required

■ Contents:

- 1 Cederroth 4-in-1 Bloodstopper
- 1 Savett Dispenser
- 1 Salvequick Dispenser
- 1 Triangular Bandage Kit (2-pack)
- 3 Cederroth 4-in-1 mini Bloodstoppers
- 1 Cederroth Protection Kit
- 1 First Aid Instruction

Economy First Aid Room

The Health & Safety Commission Approved Code of Practice L74 March 1997 states "Employers should provide a suitable first aid room or rooms where the assessment of first aid needs identifies this as necessary. The first aid room(s) should contain essential first aid facilities and equipment, be easily accessible to stretchers and clearly signposted and identified. If possible the room(s) should be reserved exclusively for giving first aid."

D8033	White, Ex Large (Pk of 12)	C

Blue Finger Stalls

- Ideal for food handling applications

Code	Description	Cat.
D8029	Blue, Assorted (Pk of 12)	C
D8025	Blue, Small (Pk of 12)	C
D8026	Blue, Medium (Pk of 12)	C
D8027A/12	Blue, Large (Pk of 12)	C
D8028	Blue, Ex Large (Pk of 12)	C

Finger Self Seals

Easy To Apply, No Pin Required

- Low adherent sterile dressing pad on elastic bandage
- Provides excellent protection and cushioning for the wound
- Held in place with an adhesive strip that is attached to one side of the dressing

Code	Description	Cat.
D7893	Finger Self Seal Sterile, Medium, 3.5x3.5cm	A

Finger Cots

Individual Latex Finger Coverings

- Low adherent sterile dressing
- Latex finger cots provide protection for fingers and thumbs
- Can be used in conjunction with latex gloves to provide extra protection for finger tips in industrial applications

Code	Description	Cat.
D8035	Finger Cots (Pk of 10)	B

Cydrol Spray-On Dressing

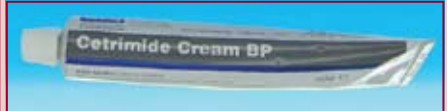

The Cost Effective Alternative To Opsite

- Cost effective moisture vapour permeable spray dressing
- Breathable, waterproof film reduces risk of infection
- Moves with the skin and is ideal for awkward areas
- 400ml spray canister provides many easy applications

Code	Description	Cat.
M6442	Cydrol Spray-On Dressing	D

Cetrimide Cream

General Antiseptic Healing To Reduce Infection

- Help clean and prevent infections of all types on wounds, lesions, blisters and minor burns
- Ideal for 'on-pitch' application helping heal the skin quickly and keeping the skin moisturised

Code	Description	Size(g)	Cat.
M6281	Cetrimide Cream	15	C

Savlon Antiseptic Cream

Gently Soothes And Helps Prevent Infection

- Aids the natural healing of cuts and grazes as well as insect bites and stings, blisters and minor sunburn
- Ideal application prior to the use of plasters or dressings

Code	Description	Size(g)	Cat.
M6350	Savlon Antiseptic Cream	15	E
M6355	Savlon Antiseptic Cream	30	E
M6360	Savlon Antiseptic Cream	60	D
M7086	Savlon Antiseptic Cream	100	E

Savlon Dry Antiseptic Spray

Helps Spray Away Infection

- Convenient spray for 'no-touch' first aid treatment on the go
- One spray forms an instant, protective layer that helps prevent infection and aids natural healing
- Ideal for cuts and grazes on the sidelines
- Size: 50ml spray canister

Code	Description	Cat.
M6480	Savlon Dry Antiseptic Spray	D

Moist Wipes Alcohol Free

Multi Purpose Wipes

- Individually wrapped wipes
- Impregnated with an alcohol free, aqueous cleansing solution
- For cleansing skin prior to dressing wounds
- Available in packs of 10 or boxes of 100 wipes

Code	Description	Cat.
D5217A/10	Moist Wipes, Alcohol Free (Pk of 10)	A
D5218	Moist Wipes, Alcohol Free (Pk of 100)	A

Adhesive Dressings

Enhance Healing Time

- Hypoallergenic adhesive
- Individually wrapped and sterile
- Non-woven construction
- Excellent conformability to awkward areas
- Ideal for wounds to the neck, elbow or hip
- Highly absorbent wound pad is covered with a non-adherent film to prevent strike through and reduce trauma when dressing is removed

Code	Description	Size(cm)	Cat.
D7137	Adhesive Dressing, Medium (Pk of 25)	8.6x6	A
D7138	Adhesive Dressing, Large (Pk of 25)	10x8	A

Pre-injection Swabs

Reduce Bacteria Preceding Injections

- Individually wrapped wipes
- Impregnated with Isopropyl alcohol
- Bactericidal alcohol will kill 90% of bacteria on skin surface
- Ideal for pre-operative skin cleansing and preparing the skin prior to injections
- 70% Isopropyl Alcohol

Code	Description	Cat.
EP602A/100	Pre-Injection Swabs (Pk of 100)	B

Low Adherent Dressings

Absorbs Fluid Without Sticking To Skin

- Low adherent, absorbent wound dressing helps draw exudates away from the wound
- Film surface helps prevent pad from sticking to the wound surface and minimises trauma for casualty upon removal
- Use dressing retention sheets or microporous tape to hold dressing in place
- Individually wrapped and sterile
- Suitable for abrasions, superficial cuts & lightly exuding wounds
- Also suitable for burns treatment

Code	Description	Size(cm)	Cat.
D4957PK25	Low Adherent Dressings, Regular (25)	5x5	A
D4952	Low Adherent Dressings, Regular (100)	5x5	A
D4958PK25	Low Adherent Dressings, Large (25)	10x10	A
D4953	Low Adherent Dressings, Large (100)	10x10	A

Gauze Swabs

Cost Effective Way For Wound Treatment

- Cushions and protects wounds
- High absorbent cotton gauze swabs have balanced combination of softness and abrasive texture
- Allows blood and fluids to pass through and be absorbed
- Prevents dryness in an open wound

Code	Description	Size(cm)	Cat.
D7871	Gauze Swabs, Sterile (Pk of 5)	7.5x7.5	C
D4000	Gauze Swabs, Non Sterile, Small (Pk of 100)	5x5	A
D4002	Gauze Swabs, Non Sterile, Medium (Pk of 100)	7.5x7.5	A
D4004	Gauze Swabs, Non Sterile, Large (Pk of 100)	10x10	A

Petroleum Jelly

Soothes & Protects Skin

- Soothes and protects by re-hydrating and repairing damaged skin
- Ideal for treating cuts and burns

Code	Description	Size	Cat.
M6334	Petroleum Jelly	225g	D
M6335	Petroleum Jelly	500g	D
21105	Petroleum Jelly	2kg	Z
M6340	Petroleum Jelly	4.5kg	D

Water Resistant Dressings

With PU Film For Use In Shower

- Non adherent pad surrounded by an adhesive PU film which is breathable and waterproof allowing the user to shower
- Ideal for general use on low to medium exuding wounds
- Sterile
- Waterproof

Code	Description	Size(cm)	Cat.
D3906A/25	Water Resistant Dressings (Pk of 25)	6x8	C

Triangular Bandages

High Quality Triangular Bandages

- Available in calico (woven) and non-woven variations
- Sterile or non-sterile
- Can be used for a wide range of purposes from wound care (hand and foot cover, scalp bandage) to providing support and elevation for injured limbs
- Individually wrapped for cleanliness

Code	Description	Cat.
D3936	Non Woven, Non-Sterile	A
D3933PK6	Non Woven, Non-Sterile, Pack of 6	A
D3936C	Calico, Non-Sterile	A
D3935	Calico, Sterile	A

Crepe Bandages

Available In 100% Cotton

- Woven elasticated bandage
- Ideal for giving light support to sprains and strains
- Can also be used for dressing retention
- Available in natural unbleached cotton

Code	Description	Size(cm)	Cat.
D3980	Crepe Cotton	5x400	A
D3981	Crepe Cotton	7.5x450	A
D3982	Crepe Cotton	10x450	A

Snips Clothing Cutters

Remove Fabric From Burn Area Without Risk Of Injury

- Extra tough scissors with hardened blades and chunky plastic handles are ideal for removing clothes from injured patients
- Allows scissors to cut safely through bandages with no fear of damaging skin below
- Angled blades with flattened base on lower blade
- Particularly useful for removing clothing from burns casualties

Code	Description	Size(cm)	Cat.
Q2228	Snips Clothing Cutters	19	A

Conforming Bandages

For All Your Bandage Needs

- High stretch, lightweight bandage for holding dressings in place
- Nylon / viscose, fray resistant construction
- Individually wrapped for cleanliness and available in three sizes

Code	Description	Size(cm)	Cat.
D3990	Conforming Bandage	5x400	A
D3991	Conforming Bandage	7.5x400	A
D3992	Conforming Bandage	10x400	A

Forceps

Available In A Range Of Materials For All Applications

- Available in plastic, stainless steel only

Code	Description	Size(cm)	Cat.
Q2093	Plastic Disposable	12.5	A
Q2090	Stainless Steel, Fine Point Splinter	11	A

Scissors

Available In A Range Of Styles And Sizes

- High quality stainless steel scissors

Code	Description	Size(cm)	Cat.
Q2019	Dressing Scissors, Blunt/Blunt Ends (Nickel)	9, Straight	B

Q2222	Dressing Scissors, Blunt/Blunt Ends	12.7, Straight	B

EAB Tape

The Economical Option

- Can be applied directly to skin
- Skin friendly zinc oxide adhesive
- Conforms to body/limb contours
- Strong and flexible elasticated sports tape
- Individually wrapped for cleanliness

Code	Description	Size	Cat.
D4149	EAB, White, Small	2.5cm x 4.5m	C
D4150	EAB, White, Medium	5cm x 4.5m	C
D4152	EAB, White, Large	7.5cm x 4.5m	C

Premier EAB Tapes

Support You Can Trust

- Quality porous adhesive for secure fixation
- Can be applied directly to the skin
- Central line to aid positioning
- Smooth bevelled core for comfortable handling
- Individually wrapped for cleanliness

Code	Description	Size	Cat.
D4401	Premier EAB Tape, Medium	5cm x 4.5m	B
D4402	Premier EAB Tape, Large	7.5cm x 4.5m	B

Zinc Oxide Tapes

Economical Tape

- No scissors required
- Tears easily by hand along length and width
- Conforms easily to the skin
- Low allergy zinc oxide adhesive
- Excellent value for money

Code	Description	Size	Cat.
D2305	Zinc Oxide Tape, Small	1.25cm x 10m	A
D2306	Zinc Oxide Tape, Medium	2.5cm x 10m	A
D2307	Zinc Oxide Tape, Large	4cm x 10m	A

Cotton Cohesive Bandages

Strong Support & Compression

- Self-adherent elastic support and compression bandage
- Will not slip
- Latex coating sticks only to itself and not to skin or hair
- Porous, absorbent, comfortable and kind to the skin
- Easy to tear laterally by hand
- 98% cotton and flesh colour

Code	Description	Size	Cat.
D3643	Cohesive Bandage, Medium	6cm x 2.8m	A
D3644	Cohesive Bandage, Large	8cm x 2.8m	A

Underwrap

Non-slip, Lightweight Compression Bandage

- Apply prior to EAB for added protection and comfort
- Non-adhesive polyurethane foam binds to itself
- Ideal for prolonged periods of bandaging
- Reduces trauma when removing bandage

Code	Description	Size	Cat.
D4258	Underwrap	7.5cm x 27m	B

Non-Woven Cohesive Bandages

Non-slip, Lightweight Compression Bandage

- Polyester and elastane fabric
- Hand tearable
- Water-resistant
- Use for support, compression and securing applications
- Individually wrapped for cleanliness
- Stretched length approx 4.5m

Code	Description	Size	Cat.
D3645	Non-Woven Cohesive Bandage	5cm x 4.5m	A
D3646	Non-Woven Cohesive Bandage	7.6cm x 4.5m	A

Standard First Aid Dressings

Vital For Any First Aid Kit

- Premium quality sterile wound dressings
- Unmedicated pad cushions the wound and absorbs any exudates
- Provides initial protection from infection whilst en-route to hospital
- Strong conforming bandage holds the dressing securely in place
- Packaged in sterile flow wrap outers

Code	Description	Size(cm)	Cat.

Water-Jel Standard Dressings

The Ultimate Burns Treatment

- Patented Water-Jel sterile dressings are easy to carry, store and use
- Medical grade non-woven dressing is saturated with a scientifically formulated cooling gel
- Immediately cools the burn and begins to halt its progression whilst providing relief to the casualty
- Also protects against airborne infection
- Dressings do not stick to the wound and can be applied directly over clothing

Skin Cleansing Wipes

Gentle Formula Kind To Skin

- Available in a drum of 200 wipes, perforated with snap on lid for easy dispensing
- Multi purpose wipes suitable for Adults and Children
- Anti bacterial formula ensures skin is thoroughly cleansed
- Reduces the need for soap and water
- Economical & highly absorbent
- Wipes size 20x20cm
- Alcohol Free

Code	Description	Cat.
D5219	Skin Cleansing Wipes (Drum of 200 Wipes)	C

The Benefits of TurtleSkin®

Abrasion Resistance

Coated TurtleSkin® gloves resist abrasion 11 times longer than leather and over 40 times longer than 'aramid' knit of equal thickness.

Dexterity

The unique thickness of TurtleSkin® patented 'aramid' knit material makes TurtleSkin® gloves the most flexible and dextrous on the market gives the level of protection offered.

Range

The extensive TurtleSkin® glove range provides safety glove solutions for any environment and application.

Cut Protection

TurtleSkin® outstanding cut-resistance far exceeds that of any other lightweight, flexible material on the market. TurtleSkin® offers nearly 5 times the cut resistance of standard 'aramid' lined gloves and over 25 times that of leather gloves.

Maintenance

TurtleSkin® gloves are easily washable with most machine washable. When standard gloves need replacing, TurtleSkin® may be used time and time again offering unparalleled economy.

TurtleSkin® Gloves

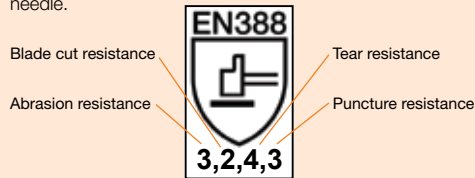

Visit www.turtleskin.co.uk for a product demonstration

Cost

TurtleSkin® gloves are the most cost effective safety glove solution available on the market for protecting against dangerous and costly puncture injuries. No other glove offers the combination of TurtleSkin® benefits at such a low price.

Puncture Protection

Cut-resistant gloves have been around for years but fail to offer any puncture protection. Now TurtleSkin® gloves offer both puncture and cut protection. Less than the thickness of three sheets of paper, TurtleSkin® materials provide the protection you need without sacrificing flexibility, sensitivity or comfort. Four puncture protection levels are based on the resistance to a 1.27mm solid steel needle.

Q4080	Utility	S	E
Q3994	Utility	M	E
Q3995	Utility	L	E
Q3990	Utility	XL	E
Q4083	Utility	XXL	E

Durable TurtleSkin® Utility Gloves provide advanced levels of protection in the palm of the hand and are particularly well suited for applications where palm injuries are most likely to occur. TurtleSkin® Utility Gloves will soften with use, but will not fail to provide cut and puncture protection.

Area of Protection

Cut and puncture resistance offered for the palm side of hand and fingers (including finger tips).

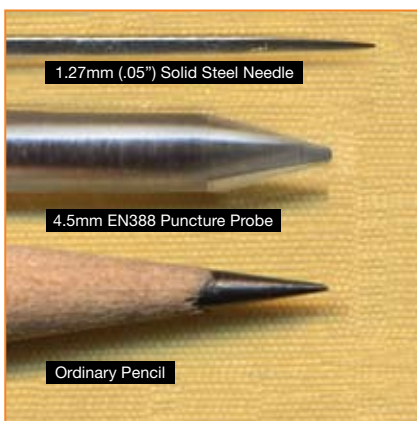

Protection Level B

1.27mm Needle Test

Superior Puncture Resistance

To prove TurtleSkin's puncture protection they developed their own test using a 1.27mm Solid Steel Needle within an ISO-9001 laboratory. The standard EU test (EN388) uses a needle that is over 3.5 times thicker which may relate to threats such as nails or barbed wire but does not show the puncture protection for high-risk application such as hypodermic needles.

Based on the 1.27mm Solid Steel laboratory testing each glove has been classed into a protection level for puncture resistance as seen to the right.

The results show that TurtleSkin® gloves are between 91% - 264% more puncture resistant than standard leather gloves. For a glove with a thickness less than 3 sheets of paper, TurtleSkin® gloves are the market leaders for those looking for puncture resistance without compromising dexterity

Protection Level A

Puncture Resistance: 2,800g +

- TurtleSkin® MultiGuard Gloves
- TurtleSkin® Sleeve & Sleeve Plus

Protection Level B

Puncture Resistance: 2,000-2,800g

- TurtleSkin® SevereGear Plus Gloves
- TurtleSkin® Utility Gloves
- TurtleSkin® WorkWear Gloves

Protection Level C

Puncture Resistance: 1,000-2,000g

- TurtleSkin® FullCoverage Aramid Gloves
- TurtleSkin® SafeHandler Plus Gloves
- TurtleSkin® Insider Plus Gloves

Protection Level D

Puncture Resistance: 300-1,000g

- Standard Leather Gloves

Chosen by NASA

TurtleSkin® fabric has been to Mars and was also chosen by NASA for use on the space shuttle. Our patented weave is the tightest ever achieved with rugged, cut resistant aramid fiber - effectively preventing fine penetrators from passing through the TurtleSkin® fabric.

MultiGuard is especially effective for protecting workers from fine penetrators like needles, glass fragments, wire, and metal shards.

TurtleSkin® MultiGuard

The Highest Needle And Cut Protection Of Any Glove Found On The Market Today

- Four layers of high-strength aramid for maximum cut and puncture protection. High-risk areas of palm and fingertips are shielded by three layers of TurtleSkin® multi-coated PM2 for maximum puncture resistance. Two additional layers protect the back of the hand, side, and fingers.

Glove Design

- FullCoverage Aramid base glove with multiple layers of new 'PM2' on front and back of hand and fingers. Covered with neoprene coated outer Lycra glove for abrasion resistance.

Suitable For:

- Waste Management/Disposal
- Animal Handling
- Nuclear and Sharps Waste Management

Washing Instructions:

TurtleSkin® SafeHandler

The Most Economical TurtleSkin® Glove With High Dexterity That Offers Good Protection

- Rugged multi-purpose gloves, the TurtleSkin® SafeHandler offers advanced TurtleSkin® cut and puncture protection combined with excellent grip, durability, and dexterity
- A layer of patented TurtleSkin® adds increased protection to the palm and fingertips. Gripper dots cover both sides of the glove, which is reversible if puncture protection is required on the back of the hand.

Glove Design

- Aramid strong knit with Tiger Claw PVC Dots and 100% Aramid TurtleSkin® protection bonded inside.

Suitable For:

- Glass and Sharps Manufacturing
- Waste Management/Disposal
- Storage and Warehousing

Washing Instructions:

Machine washable gentle cycle

Do not tumble dry

*Cool dry only

Code	Description	Size	Cat.
Q4007	SafeHandler	M-XL	E

Area of Protection

Cut and Puncture Protection for palm side of hand and fingers including finger tips.

Palm Back

■ Puncture & Cut
■ Cut

Protection Level C

1.27mm Needle Test

Perfectly suited for glass handling sheet metal plastics, or fabric cuttings.

Safe-Handler gloves are excellent for any job that requires protection from puncture and cut. Provides excellent durability and grip. Gloves may be reversed to protect back of hand.

IDEAL FOR VETS & LABORATORIES

ULTIMATE NEEDLE STICK PROTECTION

TurtleSkin® Sleeve & Sleeve Plus

Full Length Arm Protection With The Option of Additional Hand Protection

- Rugged TurtleSkin® Sleeves contain two layers of TurtleSkin® cut and puncture resistant materials that provide superior protection in a comfortable to wear sleeve. The inner layer of the sleeve is a medium-weight TurtleSkin® material that is soft on your skin and tough on needles and other sharp objects. The sleeve's outer layer is a specially coated TurtleSkin® material that is tough enough to withstand the harshest environments.

Glove Design

- Flexible forearm wrap with full length Velcro closure. Sleeve plus also includes back of hand coverage and finger loops.

Suitable For:

- Any environment where puncture and cut protection is required along the length of the arm and back of the hand

Washing Instructions:

Machine washable gentle cycle

Do not tumble dry

*Cool dry only

Fire Action & Fire Safety Instruction Signs (Photoluminescent)

Fire Action Signs

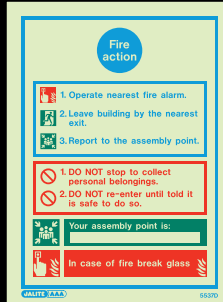

- Fire Action Notices ensure that all information, instructions and measures to be taken during an emergency is provided for all personnel within the building

200x150 S3117

200x150 S3118

200x150 S3119

Escape Route Signs

340x120 S4006

340x120 S4004

340x120 S4009

340x120 S4001

- Signs are printed on JALITE AAA photoluminescent material which exceeds 3 to 4 times the luminance of standard requirement
- Upper and lower case text are used on signs for occupants who may suffer from learning disabilities such as dyslexia

Fire Extinguisher Identification Signs

- Under a risk assessment of premises, it is important to identify not only the location, but also the type of fire extinguisher required

EX0011	Water	9	D

BC Powder Extinguisher

For Class A, B, C, D And Fires Involving Electrical Equipment

- Ideal for cars, vans, tight spaces or the home
- Requires minimal maintenance and has a 5 year warranty
- Integral Bracket Included
- Comes Factory Sealed

Code	Description	Size(g)	Cat.
EX0012	BC Powder Extinguisher	600	D
EX0005	BC Powder Extinguisher	950	D

Fire Blanket

Essential In Most Fire Safety Strategies

- Single piece design for long lasting service
- Kitemark certified to BSEN 1869:19975

Code	Description	Size(m)	Cat.
Q2022	Fire Blanket	1.2x1.2m	D
EX0037	Fire Blanket	1.2x1.8m	C

Life Hammer

For Drawing Attention And Sounding The Alarm

- Shatters windows quickly and easily for a safe and quick exit from any vehicle or window
- Double sided head
- Razor sharp blade cuts easily through seatbelts to ease escape
- Fluorescent button allows hammer to be located easily in the dark

Code	Description	Cat.
Q2352	Life Hammer	D

Economy Fire Blanket

A Great Value Solution In Fire Safety

- Kitemarked fire blanket certified to BSEN1869:1997
- Instructions printed on the front of the pouch

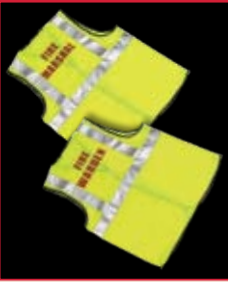

Code	Description	Cat.
EX0038	Economy Fire Blanket, 1x1m	C

Fire Hi-Visibility Waistcoat

Hi-Vis Waistcoats Marked 'FIRE MARSHAL' Or 'FIRE WARDEN'

- Ensures visibility and identification
- Highly visible when brought into contact with any light source
- Lightweight and easy to wear

Fire Marshal Hi-Visibility Waistcoat

Code	Description	Cat.
Q4224	Fire Marshal WCoat, S/M	D
Q4221	Fire Marshal WCoat, L/XL	D
Q4211	Fire Marshal WCoat, XXL/XXXL	D

Fire Warden Hi-Visibility Waistcoat

Code	Description	Cat.
Q4230	Fire Warden WCoat, S/M	D
Q4231	Fire Warden WCoat, L/XL	D
Q4233	Fire Warden WCoat, XXL/XXXL	D

Redlam Panic Bolt

Prevent Unauthorized Exit

- Manufactured from cast aluminum
- Supplied complete with 1 Ceramtube, Redlam hammer, chain and fixing

Code	Description	Cat.
EX0048	Redlam Panic Bolt, 7.5x16.5x5.5cm	Z

Rotary Hand Bell

A Reliable Site Alarm

- Tried and tested robust design
- Bell sounds 60db alarm at up to 35m
- Pre-drilled flange for simple installation
- Red coated diecast aluminum dome

Code	Description	Cat.
EX0024	Rotary Hand Bell, 27cm Dia	D

Plastic Fronted Keybox

Essential Escape Equipment

- Supplied with 'safebreak' screen printed panel
- Ideal for glass sensitive environments
- Secure 'snap fit' mechanism

Code	Description	Cat.
EX0027	Plastic Fronted Keybox, 11cm Dia x 3.5cm	D

Black Rubber Torches

Rubber Material Provides High Level Of Shock Resistance

- Economical solution
- Batteries Included

Code	Description	Cat.
Q4494	Black Rubber Torch, 2D	C
Q4502	Black Rubber Torch, 2AA	C

Snap Light

Ideal For Providing Emergency Lighting

- Chemical glow stick that glows brightly for 8 hours
- Shake, Bend, Snap and glow
- Ideal in Emergency Situations

Code	Description	Cat.
Q2620	Snap Light	B

Fire Marshal Badge

3.2cm Diameter Round Badges

- High quality "Fire Marshal" badge
- Allow easy identification of fire marshal

Code	Description	Cat.
S3168	Fire Marshal Badge	B

Fire Marshal Kit

All-In-One Mobile Kit For Fire Emergencies

- Comes in easy to identify red bag
- Contains the contents required by a fire warden to alert and guide individuals
- Contents:
 - 1x Fire Marshal Hi-Visibility Jacket
 - 1x Fire Marshal Armband
 - 1x Horn
